

2019 Guidelines and Registration Form

Red Hawk Ridge Ladies Golf Club

Lady 9ers

MISSION: The Red Hawk Ridge Ladies Golf Club (RHRLGC) was established in March 2002 to provide all interested ladies of our community, regardless of their golfing skills, the opportunity to improve their golfing abilities, increase their knowledge of the game, enhance their understanding of USGA rules and enjoy playing golf in an atmosphere of fun and fellowship.

GENERAL INFORMATION

Any lady playing in one of the Golf Leagues at Red Hawk Ridge (RHR) will be included under the general umbrella known as the Red Hawk Ridge Ladies Golf Club (RHRLGC).

League Description:

- 1) A 9-hole League playing on Wednesday late afternoon/evenings on the front nine holes at RHR.

FEES AND REGISTRATION

Registration: For membership in the 9 Hole League, the organizational fee will be \$130. Fees *must be paid by a check made out to the RHRLGC Lady 9ers*. Please note that each member must have, or be working toward, an established handicap.

Any money left in this account will be applied to the end-of-season event for other club expenses.
- Membership in Colorado Golf Association (CGA) which entitles members to receive CGA information and member benefits.

Registration deadline:

Registration for membership can occur at any time throughout the year; however, eligibility for prizes takes place only after: 1) all registration forms and organizational fees are turned in, and
2) the member has established a handicap.

Completed forms and a **check** made out to **RHRLGC Lady 9ers**, should be sent to league treasurer, **Robin Freund**. (Remember, checks only!)

Registration must be completed by April 24th to begin regular season play.

Green fee rate during 9-hole league play only:

- **\$35** - includes a cart

Pro-rating fees for late joiners:

- **July 15, 2019** is the date that organizational fees will be discounted for any late joiners. After that time, the dues will be \$95.

Refunds:

- No refunds will be possible for GHIN fees, once they have been entered into the computer.
- A player deciding she is not interested in continuing her club membership within 3 weeks of her activation date will be eligible for a refund of 80% of her organizational fee. After 3 weeks, no refunds will be given.

TEE TIMES

Scheduling tee times: League members can schedule tee times beginning at 6:00pm, 8 days prior to the day of play through Golf Genius. (i.e. 6pm Tuesday for the Wednesday of the week following). You may schedule a tee time for yourself and 3 other league members.

- 9-hole league tee times start on Wednesdays around 4:00 PM depending on daylight hours

Weather conditions: The staff at Red Hawk will determine if the course is unplayable due to the weather. If the course is open, play will continue regardless of cold, mist or wind. Those unsure if they want to play should go to Red Hawk to observe the conditions in person rather than calling the Pro Shop, and then cancel their reservation if they decide not to play. Red Hawk does not have a severe weather siren/horn for lightning, etc. A player on the course should use her own discretion in deciding to continue play. Rain checks, prorated on the basis of the number of holes played, will be issued at the Pro Shop.

Changing league times: The staff at Red Hawk *tries* to keep our league playing times consistent; however, leagues will be "bumped" on occasion when there's an outside tournament scheduled. Every effort will be made to maintain the scheduled day, even if the times must be changed. Members are asked to be flexible and understanding.

SCORING

Please read carefully!! GOLF IS A GAME OF INTEGRITY!!

To uphold this integrity, please be certain that you turn in accurate scores. Remember:

- 1) **All strokes MUST be counted to be eligible for prizes that week.**
- 2) **You MUST hole out on each hole** (hear the ball “plink” in the bottom of the cup) to be eligible for prizes that week.
- 3) **If you disqualify yourself from play, be sure to indicate “DQ” on your scorecard.**

Scorecards:

- **All groups are encouraged to use the Golf Genius live scoring app. Only 1 player from each foursome needs to keep score on the app.**
- Two (2) scorecards from each group that plays are required as a check and balance.
- Both cards must be identical and legible.
- Gross score must be completed on each card.
- Record Putts for each hole and total on the scorecard for each player.
- All 4 players must sign and date both cards indicating they have reviewed and verified cards which match each other and the score in Golf Genius.
- All 4 players may be disqualified from the day's play if the cards are not completed as indicated above.
- Once the cards are completed, golfers should place both of them in the proper envelope in the right-hand drawer under the GHIN computer in the hallway at Red Hawk. Please do this on the day of play.

Reporting scores:

- Players *must* turn in scores each time they play in the league and on the day played. Golf Genius will post all ESC scores to the GHIN system. **DO NOT** post league scores during regular season (May – September).
- Remember, regardless of how good or bad your score is on any given hole, that hole must be played until you have holed out if you are to be eligible for prizes that week. Report your actual gross score for league purposes.
- The League Coordinator will make all the calculations to determine weekly prize winners and post the winners on the Golf Genius online portal.

HANDICAPS

Posting Handicaps:

- After a member's GHIN number has been activated, every round she plays, whether at Red Hawk or any other course played during Colorado's "active season," must have a true score posted in the computer so an accurate Handicap Index can be determined.
- Consistently posting both good and bad scores is all a part of the "integrity" of golf.
- In essence, each player will have two handicaps – one is the **Handicap Index**, which is a calculated number stating that player's *potential* playing ability on a course of average playing difficulty. The other is the **Course Handicap** that adjusts the golfer's handicap to the relative difficulty of a specific course from a specific set of tees.
- When posting scores to GHIN outside of league play, remember to adjust as determined by **Equitable Stroke Control (ESC)**. Remember that the ESC value you use is based on your Course Handicap and **not** your Handicap Index.

- Five (5) 18-hole rounds or ten (10) 9-hole rounds are required to establish your first Handicap Index. Once a handicap is established, it is carried over each year. For questions or clarification, call the League Coordinator or ask someone in the Pro Shop for help.
- You can always check www.GHIN.com to find your Handicap Index.

Flights and Tees:

- **General guidelines for both new and returning members is a GHIN index over 28.0 play from the red tees and those at or under 27.9 play from the white tees. RHR red tee yardage is 4636 yds with a slope rating of 114. White tee yardage is 5356 yds with a slope rating of 128.**
- Due to course ratings and slope ratings, it will not matter during regular league play that part of your group may be playing from different tees.

WEEKLY AND YEAR-END PRIZE ELIGIBILITY

To be eligible for any weekly prize, a player must have an established Handicap Index at Red Hawk.

- The number of prizes throughout the year and the prize amount will be determined by the number of participants in the league and in each flight. Generally, 30-35% of participants, as recommended by CGA, will win a weekly prize. Players will be awarded points and the points will be converted to cash every six weeks. The cash will then be put into the player's RHR pro shop account. More prizes will be given out to flights that have more golfers in them. The board will determine end of the year prizes which may include payouts for birdies, chip-ins, low gross/low net rounds, ringer, etc. To be eligible for some of the end of the season prizes league members will have to have played in one half the weekly play days.
- Weekly prize point awards begin the first week of the season which begins May 1.

PRIZE MONEY

All money won will be placed in a member's **personal account** at the RHR pro shop every six weeks. This amount can be used for merchandise in the Pro Shop, range balls, and for golf outside of League Play, Monday through Thursday, at regular course rates. Members **MUST** spend the money from their accounts before December 31, 2019 or the money **WILL BE FORFEITED**. RHRLGC members have the benefit of a 10% discount on non-sale merchandise at the Pro Shop. It's a member's responsibility to inform the person behind the desk of her RHRLGC membership.

SPEED OF PLAY

Speed of play is a real concern! This is an issue not only for the efficient operation of the course itself, but also to participating members. It is not dependent on a player's handicap. Players are asked to make every effort to speed play along. **It is imperative that each group keeps up with the group ahead of them!**

- 9-hole round should be completed in **under 2 ¼ hours**.
- NOTE: a golfer should spend no more than 20 seconds from the time she chooses a club to when she actually strikes her ball.
- Please play Ready golf.

If speed of play becomes a problem, a sequence of actions may be initiated.

- 1) If a particular group is being slow, a member in one of the trailing groups should call the Pro Shop to request one of the Red Hawk staff be sent to encourage the group to move along more quickly.
- 2) Should the same individual or group cause the problem in subsequent weeks, the RHRLGC Lady 9ers Board will send an email to the offender(s).
- 3) In the event that the problem isn't rectified, the Board will send a warning to the offender(s).
- 4) The RHRLGC Lady 9ers Board reserves the right to revoke any player's membership. This plan was established in an effort to make golf more enjoyable for everyone.

CLINICS AND MENTORING

Clinics and Lessons: To help improve play at all levels, **Instructional Clinics** will be offered by the RHR pro staff, but only if league members request them. Clinics will only be held if at least 4 members have signed up and paid for that lesson. Lesson cost to be determined by the instructor. A league member interested in initiating the process should contact the League President or League Coordinator.

For individual or small group lessons, contact any of the pros in the Pro Shop at (720) 733-3501.
